

Technical drawing of a two-chambered boiler with a water jacket. The drawing includes a plan view (A-A) and a section view (B-B). The plan view shows two vertical cylindrical chambers with hemispherical bottoms, connected by a horizontal pipe. The water jacket is shown as a surrounding structure. Dimensions are given in millimeters. The section view shows the internal structure of the chambers and the water jacket. The drawing is labeled 'RZUT' (Elevation) and 'A-A' and 'B-B'.
